Dear  
Friend,

If you want to  
make a regular passive income from your websites,  
Google's AdSense™ program may be just  
what you're looking for.

{bot\_wrgoogle}You simply paste a bit  
of HTML code supplied by Google into your web pages and Google  
automatically inserts appropriate adverts directly  
into your web pages.  
Whenever a visitor  
clicks on one of these adverts, Google pays you a  
commission.  
It's an easy  
way to generate money without having to write adverts  
or have products to promote.  
Although you can use AdSense with any  
web page, there are a lot of factors in making a  
successful AdSense site, such as choosing good keywords  
around which to base the content and getting links to your  
site to build your search engine ranking.  
The Beginners Guide To Google AdSense is a  
short easy to read mini-ebook which will  
introduce you to the concept of AdSense and take you quickly  
through the basics of how to develop successful AdSense  
sites.  
In  
addition to a lot of valuable advice, you'll also receive  
access to a full selection of excellent keyword  
research tools and your own Free List of Keywords to help you get started, links to  
dozens of submissions sites to help you get links and traffic

and much more.  
Here's a summary of  
the contents of this useful information  
guide...
